Re: Final Soils Archaeological Field Investigation Summary – Round 1: Soil Borings
Operable Unit 2
Cornell-Dubilier Electronics Superfund Site, South Plainfield, NJ
U.S. Army Corps of Engineers Contract Number W912DQ-06-D-0006, TO 0001

Dear Mr. Anderson:

Malcolm Pirnie is pleased to submit the following document associated with the soils remediation program at the Cornell-Dubilier site:

- Final Soils Archaeological Field Investigation Summary – Round 1: Soil Borings

This document has been developed in accordance with the U.S. Army Corps of Engineers' Scope of Work (SOW) dated September 2006 and Malcolm Pirnie's approved Archaeological Work Plan (February 2006). A hard copy will be forwarded directly to the New Jersey State Historical Preservation Office.

Please call me at 914-641-2686 if you have any questions.

Very truly yours,

MALCOLM PIRNIE, INC.

Edward A. Dudek Jr., P.E.
